Desirous of working in an organization which provides adequate opportunity for career development and to learn to utilize my knowledge and contribute to the success of organization by my sincere efforts

Experience

Gulfply Paper Company, Saudi Arabia | Shift In charge | DCS automation done by ABB | SINCE NOV 2021

- Manufacturing Kraft plant and Plaster Board with a capacity to produce 240TPD. Gsm 100 to 200. Maintain equipment like Pickup, Double nip press & Shoe press at the multi-layer four driner Machine in the day to day working. Maintain steam & condensate (THERMO COMPRESSOR SYSTEM and CASCADE SYSTEM)
- Total control of the machine. Monitoring wet end & Dry end & Rewinder section. Manufacture of production according to production plan. Responsible for maintaining process parameter according to the pulp and paper line. Ensure quality of reel from rewinder as per the size given. Monitoring all the chemicals & dosing pump.
- Reject product outside of specifications. Operate within standard operating procedures and Job Safety Analysis. Responsible for Quality control & Quality Audit. Communicate with other Shift Supervisors and Plant Manager. Analyse, monitor and provide regular feedbacks based on the periodic performance review

AL Suwaidi Paper Factory, Qatar | DCS automation done (APR 2018 - AUG 2021) | Shift In charge

- Maintain steam & condensate (CASCADE SYSTEM) | Manufacturing Kraft plant with capacity to produce 250TPD | Gsm 100 to 400 | | RE- COMMISSIONING. Responsible to provide a feasible plan to the shop floor in terms of materials and capacity availability. Tackle technical problems during Shift In Charge
- Maintain equipment like Pickup ,Suction press & Jumbo press at the multi-layer four driner Machine in the day to day working. Monitor finish cartons as they drop from forming machines into rotating hoppers and into gravity feed chutes to prevent jamming. Operate paper printing machine inline folding-gluing process
- Operate cranes and hoists to move reels of paper and machine rolls. Control & troubleshoot automate extrusion line adjusting speed & feed, monitoring temperature, & finish material specification per order.

Supreme Coated Board Ltd, India | DCS automation done by SIEMENS (JAN 2017 TO MAR 2018) | Shift In Charge

- Maintain steam & condensate (THERMO COMPRESSOR SYSTEM) | Manufacturing Duplex Board plant with a capacity to produce 300TPD. Gsm 180 to 400. Plant and work at ERECTION and COMMISSIONING. Maintain heavy equipment like Suction press, Jumbo press, smoothing press & Three stages coater at the multi-layer four driner machine and then Top former in the day to day working.
- Shift handling and quality& Quantity of production target to achieve the given figures. Equipment planning to maintain site operations at optimum production cost. Material dispatch and trucking certification for the shift operations. Operations/Maintenance and supervision of plant operations during the shift
- Design and participate in risk assessment processes, delivers engaging technical training programs, using delivery methodologies to support qualification of associates to perform technical tasks and develop technical capabilities. Improve the Quality culture in collaboration with QA and ensure overall inspection

Senthil Papers & Board Ltd, I | Assistant Shift In charge | DCS automation by YOKAGOWA (DEC 2013 - DEC 2016)

- Manufacture Duplex Board plant with a capacity to produce 350TPD. Gsm 180 to 450. Maintain heavy equipment like Suction press, Jumbo press, smoothing press & Four stages coater at the multi-layer four driner machine and then Top former in the day to day working. Maintain steam & condensate (CASCADE SYSTEM)
- Operational competent to run all processes controlled from the associated services, without direct supervision and with good quality results responsible for defining tasks, scope, and effort from user stories during user research sessions. Make adjustments as necessary during shift to produce product within specifications.
- Engage the team and delivers strong results with an empowered team. Provide front line expert support for all process-specific issues to shift in charge. Act as Subject Matter Expert for the product/process.

Education: DIPLOMO IN PAPER TECHNOLOGY | THE SESHASAYEE INSTITUTE OF TECH, Trichy | 2013 | 71.41%
